TRANSPORT METROPOLITAN DISTRICT NO. 2
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

TransPort Metropolitan District No. 2, (the District), a quasi-municipal corporation and a political subdivision of the State of Colorado, which is located in the City of Aurora was organized on November 7, 2006, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes).

It is anticipated that Transport Metro Districts Nos. 1-15 will collectively undertake the financing and construction of certain public improvements within and without the boundaries of the Districts. The service plans authorize the Districts to enter into certain intergovernmental cost sharing and recovery agreements which govern the relationships between and among the Districts with respect to financing, construction, and operation of the public improvements. These services will be determined through the Coordinating Services Agreement.

The District has no employees, and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The District's maximum Required Mill Levy is 50.000 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the Bonds as the same become due and payable.

The calculation of the taxes levied on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2024, the assessment rate for single family residential property decreases to 6.70% from 6.95%. The rate for multifamily residential property, the newly created subclass, decreases to 6.70% from 6.80%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7.00% of the total property taxes collected.

Expenditures

County Treasurer's Fees

County Treasurer's fees have been computed at 1.50% of property tax collections for the budget year 2024.

Transfer to Transport Metro District No. 1

Debt and Leases

The District has no debt, capital, or operating leases.

Reserves

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to Transport Metro District No. 1, which pays for all of the Districts' operations, maintenance and administrative costs, an Emergency Reserve is not reflected in the District's budget.
